An informatics student at Universitas Multimedia Nusantara, an enthusiastic and adaptable student with a strong interest in technology, creativity, and teamwork. Experienced in project coordination, documentation, and creative works such as photography and short movie directing. Eager to keep learning, contribute actively, and develop both technical and interpersonal skills.

EXPERIENCE

Project P5 - Kewirausahaan

Jan 2023 - Jun 2023 | Leader

I led a team in developing a school entrepreneurship project, organising planning, task distribution, and progress monitoring while enhancing teamwork and problem-solving skills throughout the project's development.

Short Movie - "Perilaku Pacaran di Kalangan Remaja"

Aug 2023 - Oct 2024 | Director

I collaborated with scriptwriters, crew, and actors to ensure the creative vision, managed schedules, and resolved challenges during filming, gaining strong leadership and communication experience in a creative environment.

Apresiasi Seni 2024

Nov 2024 - Dec 2024 | Team Documentation

I documented event activities through photography and videography, assisted the team in creating visual materials for archives, and ensured that every important moment was well-captured to preserve memorable experiences.
